Transportation & Logistics Specialist

Student Name	ID #	Advisor	Major Code: CERT.TLS Credits: 15

The Transportation and Logistics Specialist Certificate is an advanced pathway designed for individuals who hold a valid Commercial Driver's License (CDL) and wish to elevate their operational expertise in the supply chain sector. This program bridges direct transportation experience with comprehensive logistics management. Students will explore foundational principles of procurement, service operations, and global supply distribution. Leveraging a targeted focus on U.S.-Mexico border trade dynamics and emerging sustainability practices, graduates will be uniquely positioned to transition from frontline transportation roles into specialized logistics coordination, fleet planning, and transnational supply chain management.

Program Prerequisite for Admission	Cr	Sem	Notes
