WORKSHOP DESCRIPTIONS

Introduction to Blackboard

Questions about Blackboard? This basic overview of Blackboard by one of the AWC Blackboard technology assistants will give you answers!

Keys to Successful Essay Writing

There are some essential elements of essay writing, including thesis and paragraph development, logical organization of ideas, and incor-

Learning Strategies for Academic Success

This workshop will focus on ways to manage your time, read and write effectively, and organize your academic work.

APA Format & Citations

Learn the basic APA format, correct citations and how to create a reference list.

Resumes and Cover Letters

Are you looking for a job? Are you graduating in May? Learn what to include in writing a successful cover letter and resume.

The Research Paper

Learn the basics of a research paper and how to use the NAU Cline Library for credible sources (specifically geared towards NAU students).

MLA Part I

Learn the basics of MLA format, in-text citations and how to create a Works Cited page.

Writing Strategies for Midterms

Does the idea of timed writing make you nervous? Have no fear! This workshop will show you how to approach your midterm with confidence.

Conducting and Writing Research

This workshop teams an AWC librarian with an AWC English faculty member to review how to use the AWC library to find credible sources, and how to incorporate those sources into your research paper.

MLA Part II

Put those finishing touches on your final papers as we review in-text citation format & the Works Cited page.
