A second round of CARES Act student financial aid applications and disbursements is scheduled weekly, pending eligible student applications and approvals.

6. The method(s) that AWC used to determine which students receive Emergency Financial Aid Grants and how much they would receive was in accordance to Section 18004(a)(1) of the CARES Act.

Arizona Western College - In accordance to Section 18004(a)(1) - 15011 of the CARES Act of the Department of Education instructions. AWC's distribution calculation of the CARES Act Funds was based upon eligible student completion of the Free Application for Federal Student Aid (FAFSA) for **either** School Year 19/20 or 20/21 before August 1, 2020. AWC used the FAFSA to verify eligibility, per Section 18004(a)(1) and 18004(c) of the CARES Act, as they are one and the same. Students did not need to accept any Federal Aid or be eligible for any grants to receive Student Portion Funds. Eligible

students that have already completed the FAFSA received their emergency grant promptly.

AWC students do not need to apply for the CARES Act grant monies, the college is using current FAFSA (Free Application for Federal Student Aid) completion to verify eligibility. Students who have not completed a FAFSA this year will not receive a grant. Students have until August 1, 2020 to complete a FAFSA.

The CARES ACT Relief grants, ranging from \$100 to \$800 depending on how many credit hours a student was registered for, are available for all students who qualify to be considered for Federal Financial Aid, whether or not they have ever received aid, or their families qualify for need-based aid.

Distribution of the emergency grant funds was based on enrollment status for eligible students, as follows:

Credits Enrolled as of March 13, 2020: Grant Aid Awarded:

- Students who are enrolled in 12 credit hours or more will receive \$800;
- Students enrolled in 9-11.5, \$500;
- Student enrolled in 6-8.5 credits, \$250;
- Student enrolled in less than 6 credits, \$100

The U.S. Department of Education does not allow these funds to be used for international students, undocumented students, non-matriculated (non-credit) students, dual-credit (currently in high school) students, or students enrolled in distance-only degree programs. Students who are enrolled in a mixture of online and face-to-face classes will receive funds based on the non-online credit hours they are taking.

AWC has prudently established an Emergency Relief Student Fund portion of the \$2.26M of approximately \$175,000 for a locally-administered Emergency Relief Fund, which is designed to address immediate student need and fill in the gaps between standard CARES Act awards.

The Student Portion Funds is an application based emergency grant request process, subject to verification. The applications and information on the emergency grant funds will be available on the AWC Self Service Portal at azwestern.edu/covid. Applications were collected through August 1, 2020. AWC will make a determination on application awards after the application deadline has passed.

Arizona Western College (AWC) continues to employ employees during the current COVID-19 pandemic. The Administration has gone to great lengths to meet all students needs through the employment of all faculty, staff and administrators. AWC continues to employ and pay all federal work-study students, part-time employees in essential roles, and adjunct faculty throughout the semester. If any contractors had been hired prior to the pandemic, AWC continues to employ and pay for their services.

As the semester comes to an end, AWC will no longer have federal funding to pay federal work-study students until July, once the funds have been released federal workstudy students will be hired for summer 2020, fall 2020, and spring 2021. Adjunct

faculty will continue to be employed during the summer and fall of 2020 as needed. Part-time workers normally do not work as much during the summer months, so they will be employed as needed.

Moving forward AWC will continue to employ all full-time employees, adjunct faculty, and essential part-time employees. All of the decisions related to employees at AWC are based on the Governors directive for the entire state of Arizona and CDC guidelines, which have been adhered to throughout this pandemic.
