General Residential Life Information

Check-In

During the initial check-in process, students will receive emails with a checklist that they will need to complete online. Students will receive a room code during check in. All residential life students should review the Room Condition Report (RCR) immediately at check-in, noting any damage to their rooms. Each room is checked by a residential life staff member prior to check-in, and while the Staff works diligently to ensure each room is in the best possible condition upon arrival, it is possible we missed something! Please be sure to complete a thorough assessment of the room to ensure all damages/concerns are listed. Each resident is responsible for ensuring the condition of the room remains throughout the year. Students may be financially responsible for any damages not listed on the RCR upon checkout at the end of their stay. Failure to remit any damages within 24 hours of check-in grants residential life staff permission to assume no damage was found in the room.

Check-Out

Students will be expected to check-out of their residence hall within 24 hours after their last scheduled final exam. Residence halls officially close at 5:00 p.m. the Thursday of Finals Week. Graduates walking in commencement are permitted to stay in the residence halls until 12pm the day following commencement with a written exception form submitted to the Residential Life Office the Thursday prior to Finals Week.

When you move out of the residence halls at any time during the year or at the end of either the fall or spring semester, you should be aware of the checkout procedures. Improper check-outs will result in the forfeiture of your deposit and your room and board charges will continue until a proper check-out is completed. Additionally, you may be responsible for cleaning fees and any non-college property still in your room. Any items left behind will be discarded within 5 days as the College does not provide storage of any kind for residents. No refund will be credited for discipline removal or violation of housing requirements.

Checkout-Procedures

- Schedule a check-out time with your RA.
- Room must be cleaned (to avoid additional charges)
  - Unplug and defrost refrigerator
  - Remove all trash and carry out to dumpsters
  - Wipe down all countertops and desk surfaces
  - Check all drawers and cabinets to remove personal belongings
  - Scrub the sink, toilet, and shower

Hall/Room Change Process and Procedure

Room changes may take place between the second and fourth week of class. Residents requesting a room change must first speak with a Resident Assistant, then the Full-Time Hall Director. If applicable the RA/Hall Director will attempt to resolve any issues between roommates or a particular living environment prior to a room change. All residents requesting a room change will need to complete the “Residence Hall Room Change Form.” Room changes will be made only if all parties agree to the change, provided the change is approved by the Full-Time Hall Director or Director of Housing and Residential Life. All room changes should take place within 24 hours of approval or picking up your new code. whichever comes first, (unless specified by the RD/HRA). No student will be allowed to move until appropriate approval has been granted. Residents who change his/her housing assignment without permission of the Full-Time Hall Director or Director of Housing and Residential Life are subject to disciplinary action.

Health and Safety Checks

The College reserves the right to take inventory and inspect rooms at reasonable, announced times. Residential Life Staff conducts room checks on a regularly scheduled basis to inspect rooms for cleanliness, sanitation, safety and maintenance. The health and safety check standards are for the benefit of the entire residential life community.

Things we check for include, but are not limited to:

- Smoke detector intact and functioning properly.
- The floors are clean and free of debris such as food, sticky substances, or any other items that may attract bugs or rodents.
- Visible damages such as holes in the wall, broken locks, or broken windows.
- Sink and bathroom/shower areas for plumbing leaks, mildew issues or anything else that may contribute to sanitation concerns.
- Refrigerator for sanitation issues that may attract bugs or rodents.
- Excessive debris or trash that may contribute to safety/fire hazards.

While the primary purpose of Health and Safety checks is to ensure that the facilities are maintained in a manner that promotes a safe living and learning environment, any violations of the AWC Student Code of Conduct or Residential Life Guidebook will be noted accordingly and may be subject to disciplinary action.
**Entering Rooms**

The College reserves the right for its authorized personnel to enter rooms to, protect and maintain College property, to inspect the contents of student packages, room furnishings, handbags or backpacks when violations of College policy, State or Federal laws are suspected. In non-emergency situations, a Residential Life staff member may conduct a student room search in a Residence Hall without prior notification. Such a search can occur when there is probable cause to believe that a violation of College regulations has occurred or is occurring. “Probable cause” exists when a member of the Residential Life staff has reasonably trustworthy information that would warrant a person of reasonable caution to believe that an offense has been or is being committed. Contraband or evidence of a violation of a College policy will be seized by the persons making the search.

Police officers desiring to conduct a search of a student’s possessions in the residence hall must present the Associate Dean of Campus Life and Student Conduct or designee with a valid search warrant authorizing their search before they proceed. Students may give permission to Police officers to conduct a search. Police officers may assist Residential Life staff with a search.

*Note: Custodial and maintenance personnel may enter student rooms as maintenance requests by students shall be considered as permission to enter. In such cases, Residential Life Staff will try to contact students but no notification of entry will be required.*

**Personal Property**

AWC does not carry liability insurance for the personal property of residents living in the residence halls. While the College does not endorse any specific provider, we encourage all residents to review their (or parent’s) insurance policy or acquire a plan appropriate to your specific needs. The College is not responsible for any lost, stolen or damaged personal property.

Health and Safety

Active Shooter

An Active Shooter is an individual actively engaged in killing or attempting to kill people in a confined and populated area. The threat is not contained and there is immediate risk of death and injury. In most cases there is no patter to their selection of victims but some do have intended victims such as a spouse, significant other, or supervisor.

Active shooter situations are unpredictable and evolve quickly. They’re very dynamic taking only split seconds to begin and typically only 3-5 mins to end. Typically, the immediate deployment of law enforcement is required to stop the shooting and mitigate harm to victims.

Because approximately 70% of active shooter situations are over in less than 5 minutes, oftentimes before law enforcement arrives on the scene, individuals must be prepared both mentally and physically to deal with an active shooter situation.

If you hear shots fired on campus or if you witness an armed person shooting or threatening people (active shooter):

Immediately choose the best way to protect your life. Very quickly, make your best determination of what is occurring and which of the options below will provide the greatest degree of security for you employing the “RUN, HIDE, or FIGHT” protocol.
**Bomb Threats**

All bomb threats will be treated as real threats. Suspicious packages or boxes potentially containing possible explosive devices should not be tampered with or handled by students. In such cases the area should be kept clear and Campus Police should be immediately contacted by calling (928) 314-9500. Residents should evacuate the building immediately (if instructed to do so) and return only when instructed to do so by official College personnel. If a bomb threat is made over the phone, have someone else contact AWCPD and follow the directions received.

**Communicable Diseases**

Students living in the residence halls who are diagnosed with a communicable disease such as chicken pox, measles, mumps, mononucleosis, Ebola, SARS, COVID-19 or any other communicable disease which proves to be a health threat to other residents may be asked to relocate to alternative housing arrangements until such a time when it is determined to no longer be contagious. The residence hall staff will maintain the privacy of any student who has knowledge of testing positive for any communicable diseases. To decide to temporarily relocate due to having a communicable disease, contact your residence hall staff.

**Fire Safety**

Participation in fire/evacuation/emergency drills is required by College policy and Arizona State Law. Failure to evacuate or follow instructions of College or fire safety personnel; false report of fire or other dangerous conditions (bomb threats, etc.) activating false alarms is a violation of state law. Any student who fails to leave the building after the alarm has sounded will be subject to disciplinary action including a $20.00 fine. Multiple occurrences will lead to additional sanctions including but not limited to dismissal from AWC housing without refund.

The following are prohibited in the halls: Halogen lamps; overloaded, damaged or non-UL approved electrical cords, unsafe placement of cords or improper use of electrical items; obstruction of sprinklers; obstruction of room door or windows; ceiling hangings or other decorations which are flammable or otherwise could contribute to fire spread; use of any flame device (candles, incense, lighters, matches, etc.), open coil appliance; possession/use of fireworks or other explosive; possession/storage of gasoline or other fuels/flammable chemicals.

Damaging or tampering with fire safety equipment (smoke detectors, extinguishers, sprinklers, etc); dismantling or otherwise interfering with exit signs; propping open or otherwise interfering with the intended smoke barrier purpose of fire doors; blocking the hallway or building exits is an illegal offense. Violators may be subject to legal prosecution and a fine.

Installation of any additional locks or doors not provided by the College is prohibited.

An unacceptable pattern of misconduct occurs when he/she is frequently documented for violations of Residential Life or Student Code of Conduct policies, including multiple minor violations. Once charged with chronic misbehavior your case could be subject to more severe sanctions including removal from the residence halls.

**Cleanliness/Noxious Odor**

Residents must ensure that the facilities are maintained in a manner that promotes a safe living and learning environment which includes, routine cleaning of room, refrigerator, and bathroom facilities, trash maintenance, proper food storage, clean floor and clear of debris and excessive laundry, and does not contribute to a noxious odor that may affect the comfort or health of other residents. Residents are responsible for cleaning up after themselves in common areas (laundry rooms, hallways, lounges) and are to remove room trash to the designated trash area outside. Residents may be billed individually or collectively for any excessive cleaning as a result of student behavior.

**Cohabitation**

Cohabitation is prohibited. Cohabitation exists when a person who is not assigned to a particular residence hall, room, or suite uses that room or suite as if he or she were living there. A “guest’s” continual presence may not hinder a roommate/suiitemate’s ability to study, sleep, and/or occupy their room.
**College Property/Furniture**

Public area furnishings are for the use of all residents and are not to be removed from the public areas or to be used in resident’s rooms. Any unauthorized removal of public furniture from lounges, classrooms, game room, or offices is considered theft of state property and individual or community damage charges may result. Involvement Opportunities

Historically, the involvement of the student living in the residence halls has played an integral part in maintaining the positive aspects of recognized traditions while upholding the core values of Arizona Western College. You are strongly encouraged to participate in the various opportunities within your hall as well as other areas of Residential Life.

Resident Assistants

Resident Assistants (RAs) are a highly selective group of individuals that apply for the position each year. Typically, RAs are returning, full-time students carefully selected for their leadership experience, interpersonal skills, and desire to have a positive impact on the residential community. Each staff member participates in an extensive selection process before being hired. Responsibilities of an RA include educational programming, planning community activities, providing individual advisement/referrals, assisting in the general management of the hall, attending staff and training meetings, serving as a role model to residents, and explaining, confronting, and reporting violations of campus and residential policies and regulations. The RA is an AWC official who lives in the hall and reports to the Hall Director (HD). RAs are compensated with a full room scholarship and meals. RA selection takes place in the spring semester for the following academic year. When needed, RA selections do occur during fall semesters for spring vacancies.

Hall/Floor Meetings

At the beginning and throughout the semester, hall/floor meetings are held by the RAs to let you know about upcoming events, as well as to share the latest information coming from the Campus Life Department. Students are accountable and will be held responsible for all information that is discussed during the meeting. Hall/floor meetings provide excellent opportunities for students to share concerns and ideas with the RA and community members.

Programming

Residential Life Staff, along with many other AWC areas, offer programs and activities for the floors/halls throughout the year. The goal is to provide students with opportunities to continue to learn outside the classroom and feel more comfortable in their community, to have fun and to develop life skills. The hope is that students get involved by either helping to plan and/or by attending these events. Staff is always looking for ideas for programs, so students are encouraged to talk to staff members.
