Student Experience
3.2.17 12:15pm

Improve Technology	From Faculty	Eradicate Stigma	Future Connection
Expand wifi	Respect	Visit HS & talk about college & cost (savings), scholarships	Stay in contatct with professors, coaches, ect. (letters of rec.)
Toromail	Empathy	Visit sooner	Stay in contact with faculty & staff (letters of rec., job references, advice)
More access/updated laptops, computers, ect.	Extra credit (all)	Explain that classes are same, specialized (student:teacher)	Pride in AWC (good, better)
Caf. card system/scanner	Communication	Personal connections with professors	Leave a legacy
BB layout/speed	Flexibility	Class size	Feel like one can come back & take classes
Library/SSC IT service	Knowledgable	Connotation of "community college" (starter, junior)	Discount for alumni
Student planning confusing, esp. if you started on Webadvisor	Multiple styles of teaching	Taco truck, not high cost food	Provide basic/informative classes
Fix wifi	Hands on activities	Promote programs through social media, ect.	Readjustment programs
More cameras (classes)	Group learning	Teach kids at young age	New world technology classes (to catch up on modern tech)
Better quality & more laptops/computers	Organization with Blackboard	Spirit days	Special scholarships (for the position)
Charging stations	Involvement	Inform student (prospective students)	Offer more onlione classes/options
Blackboard/Toromail bug fixes (quicker, accessable)	1:1 Talks/meetings (df list)	Success rates	Specialized course outline
Provided laptop chargers	Be on time	Talk more about the good things rather than the "bad"	Reevaluation (tests)

More/working calculators (all kind)	Understand & respect students	Publicity	Continuing education credits/units for working professions (engineering, education, real state agents, nurses)
Fix student ID/register problems	Diversity	People think teachers are not educated enough	Language classes (more availability)
Updated software	More office hours (& be in there)	Professors visit high schools (to inform) not only for seniors	Future employee
Quick response IT	Reply to emails on weekends	Spread visits/information throughout all years of high school	Expand university partnerships & advance degrees
Better computers	Text/call instead of email (more personnal)	Push intellectual info/benefits (honors)	Job preference
Loanable laptops	Through social media	Advertise AWC accomplishments	On the job training
Digital information boards	More understanding (athletes, ect.)	Improve TV/radio broadcasting	Contribute to community events
Better wifi	Send reminders for homework	Local recognition/activities	Alumni
Accessibility/clarity with Blackboard	Post syllabus/outline	Do a weekly broadcast of a random class on campus (great way to show people what AWC is like) Science classes & arts doing projects would be great fun!	Career changes
Updating computers	More clear grading expectations	Better communication	Provide scholarships
More technology classes during summer & winter	Quality	High school counceling	Better technology
Free software	Post assignments online	More advertisment	
Uprading mfractuture for internet speed	Reliable/accountable	Cost comparison between Universities	
Better availability of of outlet for laptops	Puntual grading	Showing comparison of AWC & Universities	
More wireless signal	More exposure to what the class is going to be about (professors bios)	Better partnership with other colleges	
ITN screens blackout & are unable to communicate with other campuses	More availability for popular/specialized classes	Good advertisment	
More internet/ethanet ports on campus	Specialized advisors for specific career programs/better training		

Availability to higher technology/3D printing/programing/autocad	More SI's for higher math classes
Coding class C++, jaba (parker)	Professor aid in class/SI's (parker)
	Longer office hours (parker)
	More tutoring hours (parker)
	Physically help you, rather than resorting to internet, ect.
	Better organization (teaching methos, time management)
	Immediate class cancelation when dropped, stop class right away when confirmed dropped class
	Be more concious of students level of understanding (surveys/feedback before exams)
	Availability/communiaction
	Texting
	Customer Service
	Better internet service
	Fast response tech group
	Better computers
	More online classes
	Short period laptop rentals
	More videos on online classes
	Ebook rentals
	Laser pointer
	Patiance
	Extra credit
	Better schedules
	Better communication
	Group training
	More tutors/in class tutors
	Multiple ways of teaching one subject
	Office hours (fri.)

Walk in advisors
Better organized Blackboard
Less workload
