Bachelor of Psychology  
2016-2017 Undergraduate Catalog (120 Units)  
(Upper Division Coursework)

This degree will enable you to develop a range of skills in written and oral communication, critical thinking, interpersonal relations, analysis, and synthesis necessary for scientific inquiry in the field of psychology.

The psychology major supports the goals of a liberal arts education: developing well-rounded and well-educated citizens. It also provides graduates with a solid foundation in all the major areas of human behavior and mental processes: clinical, cognition, development, social psychology, physiological psychology, and health psychology.
