

Spring 2021 COVID Testing

At Arizona Western College, the safety of our students and staff is our main priority. We are honored and proud to partner with local organizations such as Regional Center for Border Health, University of Arizona Yuma Center of Excellence for Desert Agriculture, ASU and Yuma County Health Department to offer our Matadors access to COVID 19 testing.

With the work of our Emergency Response Team, the following dates and testing options are as scheduled:

Regional Center for Border Health Testing

Testing will be conducted on the Yuma Campus in the P1 parking lot, southwest of the 3C building. We ask that those in their cars enter through the service road west of the college, and please remain in your vehicle. Please see the attached [map](#) for more details.

On-site Testing Process & Requirements:

1. No need to make an appointment, just drive up and join the line
2. You will fill out the [Patient Form](#) on site or ahead of time (*see attached*)
***Those who live on campus, Res Halls have printed copies at the front desk*
***Please note additional paperwork may be requested at the time of your test*
3. Plan to bring:
 - a. Form of ID
 - b. Insurance card
 - i. **Lack of insurance will not prevent students from being tested**
4. Test results will be received via phone call and/or on Sonora Quest Laboratory Portal if you provided an email address on your form
5. Wear a protective face cover **#maskupmatadors**
6. Maintain physical distancing if you are in a space with others

ASU/ Yuma County Health Department Saliva Testing

Testing will be conducted on the Yuma Campus in the P1 parking lot, southwest of the 3C building. PRE-REGISTRATION is highly recommended as tests will be limited. A link for registration will be available on the Arizona Department of Healthier services once their schedule is updated for 2021 testing. Non-registered patients will be accepted day of only as supplies last.

University of Arizona Yuma Center of Excellence for Desert Agriculture

AWC has partnered with University of Arizona Yuma Center of Excellence for Desert Agriculture to set up the UA Yuma COVID-19 Early Warning Workforce/Community Protection Project testing lab in Yuma. Wastewater testing provides positive readings 7-10 days before symptoms show up. The participating schools will be Otondo Elementary School, Castle Dome Middle School, Gila Ridge High School and Arizona Western College with cooperation from the Yuma Jackrabbit Mesa Lift Station.

For more information, read the [Yuma Sun](#) article.
