---------------------	-------------	----------------	---

This program is designed to provide students with the essential skills to become a community health worker, also known as a Promotora/o. The curriculum focuses on integration of the physical, emotional, and spiritual aspects of the individual while providing the philosophical foundation and technical skills required. Students will learn to build individual and community capacity by increasing health knowledge and self sufficiency through outreach, education, informal counseling, social support and advocacy. Students are prepared for frontline community health work serving as liaisons between health/social services and the community.
