

## ASSOCIATE IN APPLIED SCIENCE (A.A.S) AWC ADVISEMENT CHECK SHEET

To help you decide upon which courses to include in both the major and elective blocks, you and your Academic Advisor should consult the university transfer guides for specific required and recommended courses; the university transfer guides can be found at [www.aztransfer.com](http://www.aztransfer.com).

### Emergency and Disaster Management

<b>Student Name</b>	<b>ID #</b>	<b>Advisor</b>	<b>Major Code: AAS.EDM</b> <b>Credits: 64</b>
---------------------	-------------	----------------	--

Students will learn the concepts of Emergency and Disaster Management: preparation, response, recovery and mitigation, and the National Incident Management System which is the process the US operates in times of disaster and national events. The concepts will be reinforced through practical applications, exercises and scenario based teaching. Students will also be assigned to Internship programs to gain experience and network with disaster specialists.

SOC101	Intro to Sociology	3				

Physical and Biological Sciences (4 credits)						
GPH-213	Intro to Climate Science	4				

Options (2 credits)						

**\*Dual Application of Courses** is the sharing of coursework between the AGEC and major or program requirements which allows the student to meet both requirements with a single course. Students must still meet the required number of credits to satisfy the program or degree. This dual application of courses gives students the opportunity to include additional course work under general electives.

List any courses used to satisfy program or degree credits due to dual application:		Cr	Gr	Sem	App*	Notes
