Students planning to enter the field of secondary education may complete their first two years of study at AWC. It is recommended that education majors consult often with their Academic Advisors concerning the courses required for certification in Arizona and/or graduation from a state university with a bachelor's degree in education. Secondary education students also need to "double major" in the discipline they wish to teach in high school.

**\*Dual Application of Courses** is the sharing of coursework between the AGEC and major or program requirements which allows the student to meet both requirements with a single course. Students must still meet the required number of credits to satisfy the program or degree. This dual application of courses gives students the opportunity to include additional course work under general electives.
