*Dual Application of Courses* is the sharing of coursework between the AGEC and major or program requirements which allows the student to meet both requirements by completing one course. Students must still meet the required number of credits to satisfy the program or degree. This dual application of courses gives students the opportunity to include additional coursework under general electives.
One cultural (C) course and one global (G) or historical (H) course are required. Two writing intensive (WI) courses are required. ENG 101 or 107 a prerequisite for all WI courses. Consult the current catalog for a list of approved courses.
