

ARIZONA WESTERN COLLEGE
SYLLABUS

GRA 203 3D MODELLING AND SURFACING

Credit Hours: 4 Lec 3 Lab 2

PREREQUISITE: GRA 104

COURSE DESCRIPTION

This course focuses on basic concepts of three-dimensional graphics grounded in Cartesian geometry. Special emphasis will be on modeling, texturing, lighting and still rendering.

1. COURSE GOAL

Comprehend and design 3D modeled graphics with the use of professional industry standard software.

2. OUTCOMES

Upon satisfactory completion of this course, students will be able to:

- 2.1 identify the use of primitives in 3D geometry.
- 2.2 perform various methods of 3D form creation and modification, such as lathing, sweeping, extruding, and skinning.
- 2.3 transform and edit existing models.
- 2.4 identify the purpose of and manage alternate views of an object.
- 2.5 produce a project incorporating world creation/scene design.
- 2.6 demonstrate and describe Boolean functions.

3. METHODS OF INSTRUCTION

- 3.1 Lecture by the Professor
- 3.2 Demonstration on projected Instructional station
- 3.3 Roundtable discussion with students
- 3.4 Frequent reference to design examples on the Web and on CD-Rom

4. LEARNING ACTIVITIES

- 4.1 Class lectures over the pertinent information and procedures
- 4.2 Reviewing and discussing professional examples of various types
- 4.3 Reading assignments
- 4.4 Lab tutorials and exercises
- 4.5 Class follow-along demos
- 4.6 Research the design process on specific projects
- 4.7 Complete quizzes and test over basic concepts of the class
- 4.8 Complete several projects to Professor's stated criteria

5. EVALUATION

- 5.1 Grades will be earned by an assortment of learning activities, exams, assignments, and participation
- 5.2 Please see the class schedule and assignment sheet for more information

6. STUDENT RESPONSIBILITIES

- 6.1 Under AWC Policy, students are expected to attend every session of class in which they are enrolled.
- 6.2 If a student is unable to attend the course or must drop the course for any reason, it will be the responsibility of the student to withdraw from the course. Students who are not attending as of the 45th day of the course may be withdrawn by the instructor. If the student does not withdraw from

the course and fails to complete the requirements of the course, the student will receive a failing grade.

- 6.3 Americans with Disabilities Act Accommodations: Arizona Western College provides academic accommodations to students with disabilities through AccessABILITY Resource Services (ARS). ARS provides reasonable and appropriate accommodations to students who have documented disabilities. It is the responsibility of the student to make the ARS Coordinator aware of the need for accommodations in the classroom prior to the beginning of the semester. Students should follow up with their instructors once the semester begins. To make an appointment call the ARS front desk at (928) 344-7674 or ARS Coordinator at (928) 344-7629, in the College Community Center (3C) building, next to Advising.
- 6.4 Academic Integrity: Any student participating in acts of academic dishonesty—including, but not limited to, copying the work of other students, using unauthorized “crib notes”, plagiarism, stealing tests, or forging an instructor’s signature—will be subject to the procedures and consequences outlined in AWC’s Student Code of Conduct.
- 6.5 Texts and Notebooks: Students are required to obtain the class materials for the course.
- 6.6 Arizona Western College students are expected to attend every class session in which they are enrolled. To comply with Federal Financial Aid regulations (34 CFR 668.21), Arizona Western College (AWC) has established an Attendance Verification process for “No Show” reporting during the first 10 days of each semester. Students who have enrolled but have never attended class may be issued a “No Show” (NS) grade by the professor or instructor and receive a final grade of “NS” on their official academic record. An NS grade may result in a student losing their federal financial aid. For online classes, *student attendance in an online class is defined as the following* (FSA Handbook, 2012, 5-90):
- Submitting an academic assignment
 - Taking an exam, an interactive tutorial or computer-assisted instruction
 - Attending a study group that is assigned by the school
 - Participating in an online discussion about academic matters
 - Initiating contact with a faculty member to ask a question about the academic subject studied in the course
