		Last Revision Date:	08-23-2018
Effective Date:			
Section:	Student Services	Subject:	Student Publications

PURPOSE

Student publications allow the dissemination of information to students and to the public.

PROCEDURE

1. Student publications are printed materials generated by student organizations and do not include academic publications generated by academic programs.
2. Student publications must be authorized by the advisor of the club or organization initiating the publication prior to printing and distribution. The responsibility for accuracy of the information and compliance with College rules and regulations rests with the advisor.
