

ATI Test of Essential Academic Skills (TEAS) Exam

Prior to acceptance to the Radiologic Technology Program, students must complete the TEAS Test. The Radiologic Technology Office will help students schedule the test, after Next Generation Reading and Pre-requisite GPA scores are verified.

The ATI TEAS Exam is the computerized Test of Essential Academic Skills V for Allied Health and is taken at AWC Testing Center (located in the 3C Building). The ATI TEAS measures basic essential skills in the academic content area domains of reading, mathematics, science and English and language usage. The Program requires the student to take this exam to measure their academic preparation for the medical field. All students are required to take the exam and pass with a minimum score of 50% or above to continue with the application process.

The ATI TEAS exam is comprised of 150 questions with four subject areas including: Reading, Mathematics, Science, and English and Language Usage. **There is a copy of the Study Guide available in the AWC Library Reserves Section.** This copy is available for a 2-hour period and can only be viewed in the library. If you would like more information about the TEAS exam, information is available at <https://atitesting.com/teas-prep> or direct link to study manual can be found at <https://atitesting.com/teas/study-manual> for an estimated cost of \$25.00.

The ATI TEAS exam is administered by the AWC Testing Center between mid-January to the last Thursday in February. Test scores must be turned in to the Radiologic Technology Office by the due date; no exceptions will be made. A testing permit must be issued first prior to taking the ATI TEAS exam. The ATI TEAS exam can only be taken one time and the student must attain a score of 50% or higher on their first attempt. A student cannot retake the exam to improve their score.

If a student's score is above the minimum 50%, that score will be recorded in the ranking process. Students will only be allowed to retake the ATI TEAS one time if their score is below a 50%. A student who has a score below 50% has to request a retake exam from the Program. There will be a 7-day waiting period before a student can retake the exam. A student can only retake the exam once per application period. The initial exam is free to the student. If a student must retake the exam because they did not pass the first time, then a retake fee of \$55.00 will need to be paid to the AWC Cashier.
