

BASIC DRYWALL

Basic Drywall provides the foundational skills needed for safe, high-quality drywall installation and finishing. Students will learn industry-standard methods for material handling, thermal and moisture protection, drywall installation, and finishing techniques. The course also includes preparation for NCCER Core certification, helping learners build credentials valued by employers. Ideal for those interested in construction trades, residential and commercial construction, building maintenance, and skilled trade careers.

Price per Participant: \$3,900.00
